1. The following is an examiner's statement of reasons for allowance: the prior art fails to show or fairly suggest an enhanced VSB receiver for receiving and decoding a terrestrial broadcasting signal transmitted from a VSB transmitter and method thereof, having the combinations as claimed, including a demodulator for receiving an input signal including main data and enhanced data from the VSB transmitter and converting the input signal into a base band signal, the demodulator further recovering a segment synchronizing signal and a field synchronizing signal from the base band signal, a multiplexing information detector detecting multiplexing information from the field synchronizing signal, and a main data remover configured to remove the main data from the base band signal using the detected multiplexing information in order to output the enhanced supplemental data, as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to whose telephone number is (571) 272-7347.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Miller can be reached on (571) 272-7353.
